Hermanos Pedret.

Durante más de 50 años, de los talleres de Pedret Barcelona han salido excepcionales lámparas de fundición elaboradas por algunos de los mejores artesanos del metal. Cada elemento, cada proceso, desde la fundición de los lingotes a su pulido, mecanizado, baño y montaje, se realizan con cuidado y destreza, conscientes que cada detalle, alberga el secreto de una obra excepcional.

Repulsado artesanal de la lámpara Dust.

Fundada en el año 1958 por Antonio Pedret, la empresa sigue liderando los más prestigiosos mercados de iluminación, con el mismo rigor, maestría y pasión de antaño.

Desde nuestros inicios, la exigencia por la calidad y la mejora continua de los productos y procesos, nos ha llevado a trabajar con destacados profesionales del sector, creando equipos eficientes para la consecución de nuevos retos.

Entre algunos de los proyectos más emblemáticos en los que hemos trabajado, destaca la colaboración con el Hotel Burj AlArab, en Dubai, considerado el hotel más lujoso del mundo, pero también fantásticos rincones de pequeños hoteles y

Trabajo de fundición a partir de un lingote de latón.

restaurantes dispersos por todo el mundo, pues desde los inicios, nuestra vocación internacional nos ha permitido equipar interiores de los cinco continentes.

Prestigiosos arquitectos y diseñadores internacionales han colaborado durante los últimos años con nuestra empresa.

Entre ellos, guardamos un recuerdo especial por Rafel Marquina, de quién aprendimos el sutil equilibrio existente entre la belleza y la funcionalidad.

Lámpara Oculus.

Seguir aprendiendo de este noble oficio y ponerlo de nuevo en valor de la mano de arquitectos y diseñadores de iluminación,

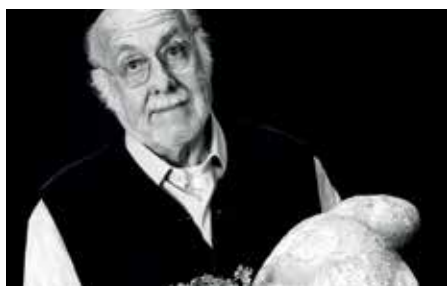

Fabricación de una pantalla de porcelana del modelo Brahma.

es el próximo reto de esta pequeña empresa familiar; conscientes de la responsabilidad de llevar nuestro excepcional legado a una nueva generación.

Artesan working.

For more than 50 years, the Pedret Barcelona workshop has been producing exceptional cast brass lamps made by some of the best artisans working with metal. Each element, each process, from the melting of ingots to polishing, mechanising, dipping and assembling, is produced painstakingly and skilfully, aware that each detail holds the secret of an exceptional work.

Designer Rafel Marquina.

Founded on 1958 by Antonio Pedret, Pedret Lighting continues to lead in the most prestigious lighting market with the same rigor of long ago.

Right from the start, the requirements of quality and ongoing improvement for our products and processes has led it to work with outstanding industry professionals, creating efficient teams to meet new challenges.

Noteworthy among our most emblematic projects are the collaboration with the Burj Al Arab Hotel in Dubai, considered to be the most luxurious in the world, but also fabulous corners in small hotels and restaurants spread around the world,

Burj Al Arab Hotel in Dubai, equipped with several lamp collections from Pedret Barcelona.

given that right from its launch its international vocation has allowed it to equip interiors in all five continents.

In recent years, many international architects and interior designers have collaborated with our company designing special projects.

Among them, the architect and designer Rafel Marquina, who we learned the subtle balance between beauty and functionality.

Globus Collection.

To continue learning this noble craft and to enhance its value with the help of architects and lighting designers, is the next

Mechanization of an ornamental element from Lorraine collection.

challenge for this small family company, which is well aware of the responsibility of handing down our exceptional legacy to a new generation.
